

Land

remote described as req.

lessons learned from / on the land

food / health / nutrition

Ethics

Resources (Natural)

Healing

"Land is identity"
(who are we)
→ who we are

Sube
Reconnect
through Ed

the lens we see through
ways of Learning with the land
how are we developing
skills/strategies/mindssets that

help develop continued
presence? (more than appreciation-
Sustainability

To DO

1. hire experts
2. global
3. further education for program
4. continued
